QINEO StarT Cooler Premium

QINEO StarT Premium for automated welding

Simply weld better with the QINEO StarT: The welding power source offers you an easy entry into the world of automated welding. Use the advantages of the four available CLOOS welding processes in addition to the standard processes. This allows you to start welding immediately – without a long parameter search. Benefit from numerous optional components and functions. This makes the QINEO StarT your individual power source - exactly as you need it for your automated welding tasks.

- **High-quality components with optimum price/**

- performance ratio and excellent welding characteristics**
- **Simple, quick and intuitive operation with the MasterPlus Compact operating module**
- **Faster to the target with the preset four CLOOS welding processes**
- **Prepared for many commonly used standard interfaces**
- **Modular design and extensive accessories for flexible application possibilities adapted to individual requirements**

Operating module MasterPlus Compact

Manual welding in perfection

- Intuitive operation
- Job favourites
- Memory for four welding circuits

Extensive interfaces for automation available.
